NBP2-59221**Myosin heavy chain 11 Antibody**

Product Information	
Unit Size	100 ul
Concentration	Please see the vial label for concentration. If unlisted please contact technical services.
Storage	Store at -20C. Avoid freeze-thaw cycles.
Clonality	Polyclonal
Preservative	0.01% Sodium Azide
Isotype	IgG
Purity	Whole Antiserum
Buffer	Serum

Product Description	
Description	Novus Biologicals Rabbit Myosin heavy chain 11 Antibody (NBP2-59221) is a polyclonal antibody validated for use in WB, ELISA and ChIP. All Novus Biologicals antibodies are covered by our 100% guarantee.
Host	Rabbit
Gene ID	4629
Gene Symbol	MYH11
Species	Human
Immunogen	The exact immunogen is proprietary information.

Product Application Details	
Applications	Western Blot, ELISA, Chromatin Immunoprecipitation (ChIP), Chromatin Immunoprecipitation Sequencing
Recommended Dilutions	Western Blot 1:1000, ELISA 1:200, Chromatin Immunoprecipitation (ChIP) 5 uL/IP, Chromatin Immunoprecipitation Sequencing

Images

Western Blot: Myosin heavy chain 11 Antibody [NBP2-59221] - Nuclear extracts of ME-1 cells were analysed by Western blot using the antibodies against CBFb and MYH11 diluted 1:1,000 in TBS-Tween containing 5% skimmed milk. The position of the CBFb and CBFb-MYH11 fusion proteins is indicated on the right.

Chromatin Immunoprecipitation: Myosin heavy chain 11 Antibody [NBP2-59221] - ChIP assays were performed using ME-1 cells, the antibody against MYH11 and optimized primer pairs for qPCR. Sheared chromatin from 1.5 million cells and 5 uL of antibody were used per ChIP experiment. QPCR was performed using primers specific for the genes indicated. Figure shows the relative occupancy, calculated as the ratio + control/background for which the MYOG gene was used.

ELISA: Myosin heavy chain 11 Antibody [NBP2-59221] - To determine the titer of the antibody, an ELISA was performed using a serial dilution of the antibody directed against human MYH11. The plates were coated with the peptides used for immunization of the rabbit. By plotting the absorbance against the antibody dilution, the titer of the antibody was estimated to be 1:1,900.
