# NBP2-61610

F-Actin Antibody (NH3) - BSA Free

| F-Actin Antibody (NH3) - BSA Free |   |
|-----------------------------------|---|
| Product Information               |   |
| Unit Size                         | 0.1 ml  |
| Concentration                     | 1 mg/ml   |
| Storage                           | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.  |
| Clonality                         | Monoclonal  |
| Clone                             | NH3   |
| Preservative                      | 0.02% Sodium Azide  |
| Isotype                           | IgM Kappa   |
| Purity                            | Thiophilic Chromatography   |
| Buffer                            | PBS   |
| Product Description               |   |
| Description                       | Novus Biologicals Mouse F-Actin Antibody (NH3) - BSA Free (NBP2-61610) is a monoclonal antibody validated for use in ELISA and Flow. All Novus Biologicals antibodies are covered by our 100% guarantee.                |
| Host                              | Mouse   |
| Species                           | Human, Mouse, Chicken, Rabbit   |
| Specificity/Sensitivity           | The epitope recognized is preserved across species (mouse, rabbit and human) and for different isoforms. NH3 recognises human filamentous actin (F-actin), but has been reported to recognise globular actin (G-actin). |
| Immunogen                         | Human monocytes and the human monocyte-like cell line, U937.  |
| Product Application Details       |   |
| Applications                      | ELISA, Flow Cytometry   |
|                                   |   |

| <b>Product Application Details</b> |  |
|------------------------------------|--|
| Applications                       | ELISA, Flow Cytometry                          |
| Recommended Dilutions              | Flow Cytometry 1:10-1:1000, ELISA 1:100-1:2000 |
