**NBP2-69036**

SMPX Antibody - BSA Free

**Product Information**

|                      |                                                                                                                  |
|----------------------|------------------------------------------------------------------------------------------------------------------|
| <b>Unit Size</b>     | 100 ul                                                                                                           |
| <b>Concentration</b> | Concentrations vary lot to lot. See vial label for concentration. If unlisted please contact technical services. |
| <b>Storage</b>       | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.                           |
| <b>Clonality</b>     | Polyclonal                                                                                                       |
| <b>Preservative</b>  | 0.02% Sodium Azide                                                                                               |
| <b>Isotype</b>       | IgG                                                                                                              |
| <b>Purity</b>        | Protein A purified                                                                                               |
| <b>Buffer</b>        | PBS (pH 7.2) and 40% Glycerol                                                                                    |

**Product Description**

|                         |                                                                                                                                                                                          |
|-------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>      | Novus Biologicals Rabbit SMPX Antibody - BSA Free (NBP2-69036) is a polyclonal antibody validated for use in ICC/IF. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| <b>Host</b>             | Rabbit                                                                                                                                                                                   |
| <b>Gene ID</b>          | 23676                                                                                                                                                                                    |
| <b>Gene Symbol</b>      | SMPX                                                                                                                                                                                     |
| <b>Species</b>          | Human                                                                                                                                                                                    |
| <b>Reactivity Notes</b> | Mouse 85%                                                                                                                                                                                |
| <b>Immunogen</b>        | This antibody was developed against a recombinant protein corresponding to amino acids:<br>ANINIPMGAFRPGAGQP PRRKECTPEVEEGVPPTSDEEKKPIPGAKKLPGPAV<br>NLSEIQNIK                           |

**Product Application Details**

|                              |                                                                     |
|------------------------------|---------------------------------------------------------------------|
| <b>Applications</b>          | Immunocytochemistry/ Immunofluorescence                             |
| <b>Recommended Dilutions</b> | Immunocytochemistry/ Immunofluorescence 0.25-2 ug/ml                |
| <b>Application Notes</b>     | Recommended conditions: Fixation/Permeabilization: PFA/Triton X-100 |

**Images**

Immunocytochemistry/Immunofluorescence: SMPX Antibody [NBP2-69036] - Staining of human cell line U-2 OS shows localization to plasma membrane.
