| Product Information                     |   |
| Unit Size                               | 0.1 ml  |
| Concentration                           | Please see the vial label for concentration. If unlisted please contact technical services.                           |
| Storage                                 | Store at 4C in the dark.  |
| Clonality                               | Monoclonal  |
| Clone                                   | OTI2B12   |
| Preservative                            | 0.05% Sodium Azide  |
| Isotype                                 | IgG2b   |
| Conjugate                               | DyLight 350   |
| Purity                                  | Immunogen affinity purified   |
| Buffer                                  | 50mM Sodium Borate  |
| Product Description                     |   |
| Host                                    | Mouse   |
| Gene ID                                 | 3815  |
| Gene Symbol                             | КІТ   |
| Species                                 | Human   |
| Immunogen                               | Recombinant protein fragment corresponding to amino acids 27-308 of human CD117/c-kit (NP_000213) produced in E.coli. |
| Notes                                   | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                     |
| Product Application Details             |   |
| Applications                            | Western Blot, Immunohistochemistry  |
| <b>Recommended Dilutions</b>            | Western Blot, Immunohistochemistry  |
| Application Notes                       | Optimal dilution of this antibody should be experimentally determined.  |
