| Clone                       | OTI3B8                                                                                                                                                                                                                                                                                                                                          |
| Preservative                | No Preservative                                                                                                                                                                                                                                                                                                                                 |
| Reconstitution Instructions | we recommend adding 100uL distilled water to a final antibody concentration of about 1 mg/mL. To use this carrier-free antibody for conjugation experiment, we strongly recommend performing another round of desalting process.                                                                                                                |
| Isotype                     | IgG1                                                                                                                                                                                                                                                                                                                                            |
| Purity                      | Immunogen affinity purified                                                                                                                                                                                                                                                                                                                     |
| Buffer                      | Lyophilized from PBS (pH 7.3) with 8% Trehalose                                                                                                                                                                                                                                                                                                 |
| Target Molecular Weight     | 27.2 kDa                                                                                                                                                                                                                                                                                                                                        |
| Product Description         |                                                                                                                                                                                                                                                                                                                                                 |
| Description                 | Novus Biologicals Mouse Proteasome 20S alpha 6 Antibody (OTI3B8) - Azide and BSA Free (NBP2-45419) is a monoclonal antibody validated for use in IHC and WB. All Novus Biologicals antibodies are covered by our 100% guarantee.                                                                                                                |
| Host                        | Mouse                                                                                                                                                                                                                                                                                                                                           |
| Gene ID                     | 5687                                                                                                                                                                                                                                                                                                                                            |

| Species                     | Human, Mouse, Rat                                                                                                                                                                                                                                                                                                                               |
| Reactivity Notes            | Please note that this antibody is reactive to Mouse and derived from the same host, Mouse. Mouse-On-Mouse blocking reagent may be needed for IHC and ICC experiments to reduce high background signal. You can find these reagents under catalog numbers PK-2200-NB and MP-2400-NB. Please contact Technical Support if you have any questions. |
| Immunogen                   | Full length human recombinant protein of human PSMA6 (NP_002782) produced in E.coli.                                                                                                                                                                                                                                                            |
| Product Application Details |                                                                                                                                                                                                                                                                                                                                                 |
| Applications                | Western Blot, Immunohistochemistry-Paraffin, Immunohistochemistry                                                                                                                                                                                                                                                                               |
| Recommended Dilutions       | Western Blot 1:500, Immunohistochemistry 1:150, Immunohistochemistry-Paraffin                                                                                                                                                                                                                                                                   |

## Images

Western Blot: Proteasome 20S alpha 6 Antibody (OTI3B8) - Azide and BSA Free [NBP2-73642] - Analysis of HEK293T cells were transfected with the pCMV6-ENTRY control (Left lane) or pCMV6-ENTRY PSMA6.

Immunohistochemistry: Proteasome 20S alpha 6 Antibody (OTI3B8) - Azide and BSA Free [NBP2-73642] - Analysis of Human Kidney tissue.

Immunohistochemistry: Proteasome 20S alpha 6 Antibody (OTI3B8) - Azide and BSA Free [NBP2-73642] - Analysis of Adenocarcinoma of Human endometrium tissue.

Immunohistochemistry: Proteasome 20S alpha 6 Antibody (OTI3B8) - Azide and BSA Free [NBP2-73642] - Analysis of Carcinoma of Human kidney tissue.

Immunohistochemistry: Proteasome 20S alpha 6 Antibody (OTI3B8) - Azide and BSA Free [NBP2-73642] - Analysis of Carcinoma of Human prostate tissue.

Immunohistochemistry: Proteasome 20S alpha 6 Antibody (OTI3B8) - Azide and BSA Free [NBP2-73642] - Analysis of Human pancreas tissue.
