| Clonality                   | Monoclonal                                                                                                                                                          |
| Clone                       | 9E10                                                                                                                                                                |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                  |
| Isotype                     | IgG1 Kappa                                                                                                                                                          |
| Conjugate                   | Janelia Fluor 635                                                                                                                                                   |
| Purity                      | Protein A purified                                                                                                                                                  |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                  |
| Product Description         |                                                                                                                                                                     |
| Host                        | Rat                                                                                                                                                                 |
| Species                     | Epitope Tag                                                                                                                                                         |
| Specificity/Sensitivity     | Epitope sequence, EQKLISEEDL, located in aa 410-419 of human c-myc protein.                                                                                         |
| Immunogen                   | A synthetic peptide corresponding to aa 408-439 from C-terminus of human myc.                                                                                       |
| Notes                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                                                               |
| Product Application Details |                                                                                                                                                                     |
| Applications                | Western Blot, Immunocytochemistry/ Immunofluorescence,<br>Immunohistochemistry, Immunohistochemistry-Frozen, Immunohistochemistry-<br>Paraffin, Immunoprecipitation |
| Recommended Dilutions       | Western Blot, Immunohistochemistry, Immunocytochemistry/<br>Immunofluorescence, Immunoprecipitation, Immunohistochemistry-Paraffin,<br>Immunohistochemistry-Frozen  |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                              |
|                             |                                                                                                                                                                     |
