| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                          |
| Isotype                     | IgG                                                                                                                                                                                                         |
| Conjugate                   | DyLight 650                                                                                                                                                                                                 |
| Purity                      | Peptide affinity purified                                                                                                                                                                                   |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                                          |
| Product Description         |                                                                                                                                                                                                             |
| Host                        | Rabbit                                                                                                                                                                                                      |
| Gene ID                     | 387882                                                                                                                                                                                                      |
| Gene Symbol                 | C12orf75                                                                                                                                                                                                    |
| Species                     | Human                                                                                                                                                                                                       |
| Reactivity Notes            | 0                                                                                                                                                                                                           |
| Immunogen                   | OCC1 antibody was raised against a 16 amino acid synthetic peptide near the amino terminus of human OCC1. The immunogen is located within amino acids 10 - 60 of OCC1. Amino Acid Sequence: NVHRHFQGNSKQSPF |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                           |
| Product Application Details |                                                                                                                                                                                                             |
| Applications                | Western Blot, ELISA, Immunocytochemistry/Immunofluorescence, Immunohistochemistry, Immunohistochemistry-Paraffin                                                                                            |
| Recommended Dilutions       | Western Blot, ELISA, Immunohistochemistry, Immunocytochemistry/Immunofluorescence, Immunohistochemistry-Paraffin                                                                                            |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                      |
