| Gene Symbol                 | STOX2                                                                                                                                                                                                                                                 |
| Species                     | Human, Mouse, Rat                                                                                                                                                                                                                                     |
| Immunogen                   | Storkhead Box 2 antibody was raised against a 19 amino acid synthetic peptide near the carboxy terminus of human Storkhead Box 2. The immunogen is located within the last 50 amino acids of Storkhead Box 2. Amino Acid Sequence: RASAEPTNEAEKLQKSPN |
| Notes                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                                                                                                                                                 |
| Product Application Details |                                                                                                                                                                                                                                                       |
| Applications                | Western Blot, ELISA, Immunocytochemistry/ Immunofluorescence, Immunohistochemistry, Immunohistochemistry-Paraffin                                                                                                                                     |
| Recommended Dilutions       | Western Blot, ELISA, Immunohistochemistry, Immunocytochemistry/ Immunofluorescence, Immunohistochemistry-Paraffin                                                                                                                                     |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                                |
