| Purity                      | Protein A purified                                                                                                          |
| Buffer                      | PBS                                                                                                                         |
| Product Description         |                                                                                                                             |
| Host                        | Rabbit                                                                                                                      |
| Gene ID                     | 173                                                                                                                         |
| Gene Symbol                 | AFM                                                                                                                         |
| Species                     | Human                                                                                                                       |
| Immunogen                   | This antibody was obtained from a rabbit immunized with purified, recombinant Human Afamin (Uniprot#: P43652; Met1-Asn599). |
| Product Application Details |                                                                                                                             |
| Applications                | ELISA                                                                                                                       |
| Recommended Dilutions       | ELISA                                                                                                                       |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                      |
