**NBP3-00303-100ul**

ECSIT Antibody - Azide and BSA Free

**Product Information**

|                      |                                                                                             |
|----------------------|---------------------------------------------------------------------------------------------|
| <b>Unit Size</b>     | 100 ul                                                                                      |
| <b>Concentration</b> | Please see the vial label for concentration. If unlisted please contact technical services. |
| <b>Storage</b>       | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.      |
| <b>Clonality</b>     | Polyclonal                                                                                  |
| <b>Preservative</b>  | No Preservative                                                                             |
| <b>Isotype</b>       | IgG                                                                                         |
| <b>Purity</b>        | Antigen and protein A Affinity-purified                                                     |
| <b>Buffer</b>        | 0.2 um filtered solution in PBS                                                             |

**Product Description**

|                    |                                                                                                                                                                                                                                |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b> | This antibody can be stored at 2C to 8C for one month without detectable loss of activity. Antibody products are stable for twelve months from date of receipt when stored at -20C to -80C. Avoid repeated freeze-thaw cycles. |
| <b>Host</b>        | Rabbit                                                                                                                                                                                                                         |
| <b>Gene ID</b>     | 51295                                                                                                                                                                                                                          |
| <b>Gene Symbol</b> | ECSIT                                                                                                                                                                                                                          |
| <b>Species</b>     | Human                                                                                                                                                                                                                          |
| <b>Immunogen</b>   | Produced in rabbits immunized with purified, recombinant Human ECSIT (Uniprot#: Q9BQ95-1; Glu246-Ser431)                                                                                                                       |

**Product Application Details**

|                              |                                                                                                 |
|------------------------------|-------------------------------------------------------------------------------------------------|
| <b>Applications</b>          | Western Blot, ELISA, Immunohistochemistry-Paraffin                                              |
| <b>Recommended Dilutions</b> | Western Blot 1:500-1:1000, ELISA 1:25000-1:50000, Immunohistochemistry-Paraffin 1:10000-1:50000 |

## Images

Western Blot: ECSIT Antibody [NBP3-00303] - Anti-ECSIT rabbit polyclonal antibody at 1:500 dilution. Lane A: NIH3T3 Whole Cell Lysate. Lysates/proteins at 30 ug per lane. Secondary Goat Anti-Rabbit IgG H&L (Dylight 800) at 1/10000 dilution. Developed using the Odyssey technique. Performed under reducing conditions. Predicted band size: 49 kDa. Observed band size: 49 kDa

Immunohistochemistry-Paraffin: ECSIT Antibody [NBP3-00303] - Immunochemical staining of human ECSIT in human brain with rabbit polyclonal antibody (1:25000, formalin-fixed paraffin embedded sections).
