NBP3-06874CL1

Human IgA Lambda Isotype Control [CoraFluor™ 1]

Product Information	
Unit Size	0.1 ml
Concentration	Please contact technical services for concentration.
Storage	Store at 4C in the dark. Do not freeze.
Clonality	Polyclonal
Preservative	No Preservative
Isotype	IgA Lambda
Conjugate	CoraFluor 1
Purity	>90%
Buffer	PBS

Product Description	
Description	This conjugate is made on demand and is not held in inventory. Each order represents a unique lot. All conjugates are generated using validated conjugation protocols and meet strict degree of labeling (F/P) specifications; additional information is available upon request. The antibody concentration is provided on the individual product label. For specialized conjugation needs, like large quantities, specific concentrations, and defined F/P ratios, bulk and custom antibody conjugation services are available.
Host	Human
Species	Human
Specificity/Sensitivity	Product was purified via a combination of chromatography and/or precipitation methods.
Immunogen	Human myeloma serum
Notes	Sold for research purposes only under agreement from Massachusetts General Hospital, US Patent No. 12,134,721. A license is required for development of new commercial assay platforms (e.g., microarrays, microfluidics), diagnostic use or other unlicensed uses. Please contact Technical Support for further details: techsupport@bio-techne.com.

Product Application Details	
Applications	ELISA, Control
Recommended Dilutions	ELISA, Control
Application Notes	Recommended applications are based on validated applications from the unconjugated base product NBP3-06874. This conjugated antibody is not kept in inventory and is made to order using validated conjugation protocols.
