## NBP3-08545PCP

**Application Notes** 

Cytokeratin 5/6/18 Antibody (LP34) [PerCP]

| Cytokeratin 5/6/18 Antibody (LP34) [PerCP] |   |
|--|---|
| Product Information                        |   |
| Unit Size                                  | 0.1 ml  |
| Concentration                              | Please see the vial label for concentration. If unlisted please contact technical services.   |
| Storage                                    | Store at 4C in the dark.  |
| Clonality                                  | Monoclonal  |
| Clone                                      | LP34  |
| Preservative                               | 0.05% Sodium Azide  |
| Isotype                                    | IgG1 Kappa  |
| Conjugate                                  | PerCP   |
| Purity                                     | Protein A or G purified   |
| Buffer                                     | PBS   |
| Product Description                        |   |
| Host                                       | Mouse   |
| Gene ID                                    | 3852  |
| Gene Symbol                                | KRT5  |
| Species                                    | Human, Rat, Bovine  |
| Specificity/Sensitivity                    | It recognizes polypeptides of 58kDa, 56kDa, and 45kDa, identified as cytokeratin 5, 6, and 18 respectively. It shows no reaction with keratin 1, 8, or 19. This monoclonal antibody shows a broad pattern of reactivity with epithelial tissues, from simple glandular epithelia to stratified squamous epithelia. Epithelial cells are labeled whether they are ectodermal, mesodermal, or endodermal in origin. This monoclonal antibody is useful in detecting cells of epithelial origin in mixed tumors, in effusions, in bone marrow samples, or in tissue culture cells. |
| Immunogen                                  | Detergent-insoluble fraction of psoriatic human epidermis   |
| Product Application Details                |   |
| Applications                               | Immunohistochemistry-Paraffin   |
| Recommended Dilutions                      | Immunohistochemistry-Paraffin   |

Optimal dilution of this antibody should be experimentally determined.
