#### NBP3-08577C

**Application Notes** 

| FSH beta Antibody (FSHb/2033R) [DyLight 650] |   |
|--|---|
| Product Information                          |   |
| Unit Size                                    | 100 ul  |
| Concentration                                | Please see the vial label for concentration. If unlisted please contact technical services.   |
| Storage                                      | Store at 4C in the dark.  |
| Clonality                                    | Monoclonal  |
| Clone  | FSHb/2033R  |
| Preservative                                 | 0.05% Sodium Azide  |
| Isotype                                      | IgG   |
| Conjugate                                    | DyLight 650   |
| Purity                                       | Protein A or G purified   |
| Buffer                                       | 50mM Sodium Borate  |
| Product Description                          |   |
| Host   | Rabbit  |
| Gene ID                                      | 2488  |
| Gene Symbol                                  | FSHB  |
| Species                                      | Human   |
| Specificity/Sensitivity                      | This monoclonal antibody reacts with a protein of 22kDa, identified as beta subunit of FSH. It does not cross react with the alpha sub-unit. Follicle stimulating hormone (FSH) is a hormone synthesized and secreted by gonadotrophs in the anterior pituitary gland. In the ovary, FSH stimulates the growth of immature Graafian follicles to maturation. As the follicle grows, it releases inhibin, which deactivates the FSH production. In men, FSH enhances the production of androgen-binding protein by the Sertoli cells of the testis and is critical for spermatogenesis. FSH and LH act synergistically in reproduction. FSH is a useful marker in the classification of pituitary tumors and the study of pituitary disease. |
| Immunogen                                    | Recombinant FSH beta beta sub-unit (Uniprot: P01225)  |
| Notes  | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.   |
| Product Application Details                  |   |
| Applications                                 | Western Blot, Flow Cytometry, Immunocytochemistry/Immunofluorescence, Immunohistochemistry, Immunohistochemistry-Paraffin   |
| Recommended Dilutions                        | Western Blot, Flow Cytometry, Immunohistochemistry, Immunocytochemistry/Immunofluorescence, Immunohistochemistry-Paraffin   |
|  |   |

Optimal dilution of this antibody should be experimentally determined.
