## NBP3-08857F

**Application Notes** 

CD161/NK1.1 Antibody (PK136) [FITC]

| CDT61/NKT.T ANIIDOUY (PKT36) [FTTC] |   |
|-------------------------------------|---|
| Product Information                 |   |
| Unit Size                           | 100 ul  |
| Concentration                       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage                             | Store at 4C in the dark.  |
| Clonality                           | Monoclonal  |
| Clone                               | PK136   |
| Preservative                        | 0.05% Sodium Azide  |
| Isotype                             | IgG2a Kappa   |
| Conjugate                           | FITC  |
| Purity                              | Protein A or G purified   |
| Buffer                              | PBS   |
| Product Description                 |   |
| Host                                | Mouse   |
| Gene ID                             | 17059   |
| Gene Symbol                         | Klrb1c  |
| Species                             | Mouse, Human (Negative)   |
| Reactivity Notes                    | Does not react with Human.  |
| Immunogen                           | CD Mouse spleen and bone marrow cells enriched for NK-1+ cells                              |
| Product Application Details         |   |
| Applications                        | Flow Cytometry, Immunocytochemistry/Immunofluorescence                                      |
| Recommended Dilutions               | Flow Cytometry, Immunocytochemistry/Immunofluorescence                                      |
|                                     |   |

Optimal dilution of this antibody should be experimentally determined.
