HR6B/UBE2B Antibody (PCRP-UBE2B-1C7) [Janelia Fluor® 669]

| Product Information |                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------|
| Unit Size           | 0.1 ml                                                                                      |
| Concentration       | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C in the dark.                                                                    |
| Clonality           | Monoclonal                                                                                  |
| Clone               | PCRP-UBE2B-1C7                                                                              |
| Preservative        | 0.05% Sodium Azide                                                                          |
| Isotype             | IgG2b                                                                                       |
| Conjugate           | Janelia Fluor 669                                                                           |
| Purity              | Protein A or G purified                                                                     |
| Buffer              | 50mM Sodium Borate                                                                          |

| Product Description |                                                                                       |
|---------------------|---------------------------------------------------------------------------------------|
| Host                | Mouse                                                                                 |
| Gene ID             | 7320                                                                                  |
| Gene Symbol         | UBE2B                                                                                 |
| Species             | Human                                                                                 |
| Reactivity Notes    | Predicted to work in Mouse, Rat, Xenopus and Zebrafish.                               |
| Immunogen           | Recombinant full-length human HR6B/UBE2B protein (Uniprot: P63146)                    |
| Notes               | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus. |

| Product Application Details |                                                                        |
|-----------------------------|------------------------------------------------------------------------|
| Applications                | Flow Cytometry, Immunocytochemistry/ Immunofluorescence, Protein Array |
| Recommended Dilutions       | Flow Cytometry, Immunocytochemistry/ Immunofluorescence, Protein Array |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined. |
