Preservative 0.05% Sodium Azide   Isotype IgG1 Kappa   Conjugate Alexa Fluor 647   Purity Protein A or G purified   Buffer 50mM Sodium Borate   Product Description Host   Host Mouse   Gene ID 2169   Gene Symbol FABP2   Species Human   Marker Marker of Metastatic Potential in Colorectal Cancer   Immunogen Recombinant full length human FABP2/I-FABP protein (Uniprot: P12104)   Notes Alexa Fluor (R) products are provided under an intellectual property license for the product only in research conducted by the buyer (whether the buyer is a academic or for-profit entity). The sale of this product conveys to the buyer the non-transferable right to use the purchased product and component of the product only in research conducted by the buyer (whether the buyer is a academic or for-profit entity). The sale of this product is expressly conditioned the buyer not using the product or its components; (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether the yare resold for use in research. For information on purchasing a license to this product or purposes other than as described above, contact Life Technologies Corporation, Try1 Van Allen Way, Carlsbad CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on	Clonality	Monoclonal	
Isotype IgG1 Kappa   Conjugate Alexa Fluor 647   Purity Protein A or G purified   Buffer 50mM Sodium Borate   Product Description Host   Host Mouse   Gene ID 2169   Gene Symbol FABP2   Species Human   Marker Marker of Metastatic Potential in Colorectal Cancer   Immunogen Recombinant full length human FABP2/I-FABP protein (Uniprot: P12104)   Notes Alexa Fluor (R) products are provided under an intellectual property license for Life Technologies Corporation. The purchase of this product and component of the product only in research conducted by the buyer (whether the buyer is a cacademic or for-profit entity). The sale of this product is expressly conditioned the buyer is to using the product or its components, or any materials made usir the buyer is to using the product or its components, or any materials made usir the buyer is to using the product or its components. (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For information on purchasing a license to this product for use on purchased above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbad CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on	Clone	CPTC-FABP2-3	
Conjugate Alexa Fluor 647   Purity Protein A or G purified   Buffer 50mM Sodium Borate   Product Description Host   Host Mouse   Gene ID 2169   Gene Symbol FABP2   Species Human   Marker Marker of Metastatic Potential in Colorectal Cancer   Immunogen Recombinant full length human FABP2/I-FABP protein (Uniprot: P12104)   Notes Alexa Fluor (R) products are provided under an intellectual property license for Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and component of the product only in research conducted by the buyer (whether the buyer is a academic or for-profit entity). The sale of this product is expressly conditioned the buyer not using the product or its components, or any materials made usin the product only is components, in any activity to generate revenue, which may include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For informat on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbad CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on	Preservative	0.05% Sodium Azide	
Purity Protein A or G purified   Buffer 50mM Sodium Borate   Product Description Host   Host Mouse   Gene ID 2169   Gene Symbol FABP2   Species Human   Marker Marker of Metastatic Potential in Colorectal Cancer   Immunogen Recombinant full length human FABP2/I-FABP protein (Uniprot: P12104)   Notes Alexa Fluor (R) products are provided under an intellectual property license for Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and component of the product only in research conducted by the buyer (whether the buyer is a academic or for-profit entity). The sale of this product is expressly conditioned the buyer not using the product or its components, or any materials made usin the product only is components, in any activity to generate revene, which may include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For informat on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbad CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on	Isotype	IgG1 Kappa	
Buffer 50mM Sodium Borate   Product Description Host   Host Mouse   Gene ID 2169   Gene Symbol FABP2   Species Human   Marker Marker of Metastatic Potential in Colorectal Cancer   Immunogen Recombinant full length human FABP2/I-FABP protein (Uniprot: P12104)   Notes Alexa Fluor (R) products are provided under an intellectual property license for Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and component of the product only in research conducted by the buyer (whether the buyer is a cademic or for-profit entity). The sale of this product is expressly conditioned the buyer not using the product or its components, or any materials made usin the product or its components, in any activity to generate revenue, which may include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For informat on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbad CA 92008 USA or outlicensing @lifetech.com. This conjugate is made on	Conjugate	Alexa Fluor 647	
Product Description   Host Mouse   Gene ID 2169   Gene Symbol FABP2   Species Human   Marker Marker of Metastatic Potential in Colorectal Cancer   Immunogen Recombinant full length human FABP2/I-FABP protein (Uniprot: P12104)   Notes Alexa Fluor (R) products are provided under an intellectual property license for Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and component of the product only in research conducted by the buyer (whether the buyer is a academic or for-profit entity). The sale of this product is expressly conditioned the buyer not using the product or its components, or any materials made using the product or its components, or any materials made using the product or its components; (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For informat on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbad CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on	Purity	Protein A or G purified	
Host Mouse   Gene ID 2169   Gene Symbol FABP2   Species Human   Marker Marker of Metastatic Potential in Colorectal Cancer   Immunogen Recombinant full length human FABP2/I-FABP protein (Uniprot: P12104)   Notes Alexa Fluor (R) products are provided under an intellectual property license for Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and component of the product only in research conducted by the buyer (whether the buyer is a academic or for-profit entity). The sale of this product is expressly conditioned the buyer not using the product or its components, or any materials made usir the product or its components, in any activity to generate revenue, which may include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For information on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbad CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on	Buffer	50mM Sodium Borate	
Gene ID 2169   Gene Symbol FABP2   Species Human   Marker Marker of Metastatic Potential in Colorectal Cancer   Immunogen Recombinant full length human FABP2/I-FABP protein (Uniprot: P12104)   Notes Alexa Fluor (R) products are provided under an intellectual property license fre   Life Technologies Corporation. The purchase of this product and component of the product only in research conducted by the buyer (whether the buyer is a academic or for-profit entity). The sale of this product is expressly conditioned the buyer not using the product or its components, or any materials made usir the product or its components, in any activity to generate revenue, which may include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For information on purchasing a license to this product for some than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbad CA 92008 USA or outlicensing @lifetech.com. This conjugate is made on	Product Description		
Gene Symbol FABP2   Species Human   Marker Marker of Metastatic Potential in Colorectal Cancer   Immunogen Recombinant full length human FABP2/I-FABP protein (Uniprot: P12104)   Notes Alexa Fluor (R) products are provided under an intellectual property license fre   Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and component of the product only in research conducted by the buyer (whether the buyer is a academic or for-profit entity). The sale of this product is expressly conditioned the buyer not using the product or its components, or any materials made using the product or its components, in any activity to generate revenue, which may include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For informat on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbad CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on	Host	Mouse	
Species Human   Marker Marker of Metastatic Potential in Colorectal Cancer   Immunogen Recombinant full length human FABP2/I-FABP protein (Uniprot: P12104)   Notes Alexa Fluor (R) products are provided under an intellectual property license fre   Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and component of the product only in research conducted by the buyer (whether the buyer is a academic or for-profit entity). The sale of this product is expressly conditioned the buyer not using the product or its components, or any materials made usin the product or its components, in any activity to generate revenue, which may include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For informati on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbad CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on	Gene ID	2169	
Marker   Marker of Metastatic Potential in Colorectal Cancer     Immunogen   Recombinant full length human FABP2/I-FABP protein (Uniprot: P12104)     Notes   Alexa Fluor (R) products are provided under an intellectual property license for Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and component of the product only in research conducted by the buyer (whether the buyer is a academic or for-profit entity). The sale of this product is expressly conditioned the buyer not using the product or its components, or any materials made usin the product or its components, in any activity to generate revenue, which may include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For informat on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbad CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on	Gene Symbol	FABP2	
Immunogen   Recombinant full length human FABP2/I-FABP protein (Uniprot: P12104)     Notes   Alexa Fluor (R) products are provided under an intellectual property license from Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and component of the product only in research conducted by the buyer (whether the buyer is a academic or for-profit entity). The sale of this product is expressly conditioned the buyer not using the product or its components, or any materials made using the product or its components, in any activity to generate revenue, which may include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For information on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbad CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on	Species	Human	
Notes Alexa Fluor (R) products are provided under an intellectual property license free Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and component of the product only in research conducted by the buyer (whether the buyer is a academic or for-profit entity). The sale of this product is expressly conditioned the buyer not using the product or its components, or any materials made usin the product or its components, in any activity to generate revenue, which may include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For informat on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbad CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on	Marker	Marker of Metastatic Potential in Colorectal Cancer	
Alexa Fluor (R) products are provided under an intellectual property license from Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and component of the product only in research conducted by the buyer (whether the buyer is a academic or for-profit entity). The sale of this product is expressly conditioned the buyer not using the product or its components, or any materials made usin the product or its components, in any activity to generate revenue, which may include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For informat on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbad CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on	Immunogen	Recombinant full length human FABP2/I-FABP protein (Uniprot: P12104)	
volume will be greater than or equal to the unit size stated on the datasheet.	Notes	buyer the non-transferable right to use the purchased product and components of the product only in research conducted by the buyer (whether the buyer is an academic or for-profit entity). The sale of this product is expressly conditioned on the buyer not using the product or its components, or any materials made using the product or its components, in any activity to generate revenue, which may include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research.
