| <b>Clonality</b> Monoclonal  |  |
| Clone VWF/1859R  |  |
| Preservative 0.05% Sodium Azide  |  |
| <b>Isotype</b> IgG   |  |
| Conjugate Alexa Fluor 532  |  |
| Purity Protein A purified  |  |
| Buffer 50mM Sodium Borate  |  |
| Product Description  |  |
| <b>Host</b> Rabbit   |  |
| <b>Gene ID</b> 7450  |  |
| Gene Symbol VWF  |  |
| Species Human  |  |
| Marker Endothelial Marker  |  |
| von Willebrand Factor (vWF) is a multimeric glycoprotein that is found in endothelial cells, plasma and platelets. It acts as a carrier protein for Factor and promotes platelet adhesion and aggregation. vWF undergoes a varied posttranslational modifications that influence the affinity and availability for VIII, including cleavage of the propeptide and formation of N-terminal distended bonds. This antibody helps to establish the endothelial nature of some led disputed histogenesis, e.g. Kaposis sarcoma and cardiac myxoma. It is would be differentiating vascular lesions from those of other tissue differentiation apanel of other vascular markers although not all tumors of endothelial cells, plasma and platelets. It acts as a carrier protein for Factor and promotes platelet adhesion and aggregation. vWF undergoes a varied posttranslational modifications that influence the affinity and availability for VIII, including cleavage of the propeptide and formation of N-terminal distance because of the propeptide and formation of N-terminal distance because of the propeptide and formation of N-terminal distance because of the propeptide and formation of N-terminal distance because of the propeptide and formation of N-terminal distance because of the propeptide and formation of N-terminal distance because of the propeptide and formation of N-terminal distance because of the propeptide and formation of N-terminal distance because of the propeptide and formation of N-terminal distance because of the propeptide and formation of N-terminal distance because of the propeptide and formation of N-terminal distance because of the propeptide and formation of N-terminal distance because of the propeptide and formation of N-terminal distance because of the propeptide and formation of N-terminal distance because of the propeptide and formation of N-terminal distance because of the propeptide and formation of N-terminal distance because of the propeptide and formation of N-terminal distance because of the propeptide and formation of N-te | etor VIII<br>ety of<br>or Factor<br>sulfide<br>esions of<br>widely<br>ntiation<br>helial |
| Immunogen Recombinant fragment of human Von Willebrand Factor protein (aa1815 (exact sequence is proprietary) (Uniprot: P04275)  | -1939)   |

#### Notes

Alexa Fluor (R) products are provided under an intellectual property license from Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and components of the product only in research conducted by the buyer (whether the buyer is an academic or for-profit entity). The sale of this product is expressly conditioned on the buyer not using the product or its components, or any materials made using the product or its components, in any activity to generate revenue, which may include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For information on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbad, CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The volume will be greater than or equal to the unit size stated on the datasheet.

| <b>Product Application Details</b> |  |
|------------------------------------|--|
| Applications                       | Western Blot, Immunohistochemistry-Paraffin                            |
| Recommended Dilutions              | Western Blot, Immunohistochemistry-Paraffin                            |
| Application Notes                  | Optimal dilution of this antibody should be experimentally determined. |
