NBP3-12531**Mouse T Cell Inhibitory Receptor (Blocking) Antibody Pack**

Product Information	
Unit Size	4 Vials
Concentration	Concentration of individual antibodies may be found on the vial label. If unlisted please contact technical services.
Storage	Storage is content dependent.
Clonality	Monoclonal
Buffer	See individual datasheets
Product Description	
Description	<p>The Mouse T Cell Inhibitory Receptor (Blocking) Antibody Sampler Pack contains antibodies to block the receptor-ligand interaction of common T cell inhibitory receptors, including PD-1, CTLA-4, LAG-3 and TIGIT. Immune cells expressing these inhibitory receptors are found during chronic viral infection and within the TME of many solid tumors. Blocking inhibitory receptor-ligand interaction can restore T/NK cell functionality. All antibodies have been validated in vitro for blocking/neutralization of receptor-ligand interaction.</p> <p>This pack contains 1 vial each of: NBP2-12212-0.025mg (0.025 mg) NBP3-09044-0.025mg (0.025 mg) MAB7267-SP (25 ug) MAB90783-SP (25 ug)</p> <p>See NBP3-12532 for the full size pack.</p>
Species	Mouse
Reactivity Notes	Antibodies in this pack are validated for use in the following species: NBP2-12212: Mouse NBP3-09044: Mouse MAB7267: Mouse MAB90783: Mouse
Marker	T cell exhaustion
Specificity/Sensitivity	Please see each vial's data sheet for specificity information specific to each product.
Immunogen	See individual datasheets
Kit Components	NBP2-12212-0.025mg, NBP3-09044-0.025mg, MAB7267-SP, MAB90783-SP
Product Application Details	
Applications	Western Blot, Flow Cytometry, Block/Neutralize, Blockade of Receptor-ligand Interaction, CyTOF-ready
Recommended Dilutions	Western Blot, Flow Cytometry, Blockade of Receptor-ligand Interaction, CyTOF-ready, Block/Neutralize
Application Notes	<p>Antibodies in this pack are validated for the following applications:</p> <p>NBP2-12212: Block/Neutralize, CyTOF-ready, Flow Cytometry, Western Blot NBP3-09044: Block/Neutralize, ELISA, Flow Cytometry, Immunocytochemistry/Immunofluorescence, Immunoprecipitation MAB7267: Blockade of Receptor-ligand Interaction MAB90783: Blockade of Receptor-ligand Interaction, CyTOF-ready, Flow Cytometry, Western Blot</p>
