| <b>Unit Size</b>               | 100 ul                                                                                      |
| <b>Concentration</b>           | Please see the vial label for concentration. If unlisted please contact technical services. |
| <b>Storage</b>                 | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.      |
| <b>Clonality</b>               | Monoclonal                                                                                  |
| <b>Clone</b>                   | S06-7A9                                                                                     |
| <b>Preservative</b>            | 0.01% Sodium Azide                                                                          |
| <b>Isotype</b>                 | IgG                                                                                         |
| <b>Purity</b>                  | Affinity purified                                                                           |
| <b>Buffer</b>                  | 50mM Tris-Glycine (pH 7.4), 0.15M NaCl, 40% Glycerol, 0.05% BSA                             |
| <b>Target Molecular Weight</b> | 50 kDa                                                                                      |

**Product Description**

|                    |                                                                                                                                                                                                 |
|--------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b> | Novus Biologicals Rabbit AVEN Antibody (S06-7A9) (NBP3-15004) is a recombinant monoclonal antibody validated for use in WB. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| <b>Host</b>        | Rabbit                                                                                                                                                                                          |
| <b>Gene ID</b>     | 57099                                                                                                                                                                                           |
| <b>Gene Symbol</b> | AVEN                                                                                                                                                                                            |
| <b>Species</b>     | Human, Mouse, Rat                                                                                                                                                                               |
| <b>Immunogen</b>   | A synthetic peptide of human AVEN (Uniprot#: Q9NQS1)                                                                                                                                            |

**Product Application Details**

|                              |                            |
|------------------------------|----------------------------|
| <b>Applications</b>          | Western Blot               |
| <b>Recommended Dilutions</b> | Western Blot 1/1000-1/5000 |

**Images**

Western Blot: AVEN Antibody (S06-7A9) [NBP3-15004] - Western blot detection of AVEN in Rat Brain, MCF7, 3T3, HeLa cell lysates using AVEN Rabbit mAb (1:1000 diluted). Predicted band size: 39KDa. Observed band size: 50KDa.
