|---------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Description         | Novus Biologicals Rabbit ASH2L Antibody (NBP3-18639) is a polyclonal antibody validated for use in WB. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| Host                | Rabbit                                                                                                                                                                     |
| Gene ID             | 9070                                                                                                                                                                       |
| Gene Symbol         | ASH2L                                                                                                                                                                      |
| Species             | Human                                                                                                                                                                      |
| Immunogen           | Polyclonal antibody raised in rabbit against human ASH2L (absent, small, or homeotic 2), using a recombinant protein.                                                      |

| Product Application Details |                     |
|-----------------------------|---------------------|
| Applications                | Western Blot        |
| Recommended Dilutions       | Western Blot 1:1000 |

## Images

Western Blot: ASH2L Antibody [NBP3-18639] - Figure 1. Western blot analysis using the antibody directed against ASH2L Figure 1A: Western blot was performed using the antibody against hASH2L diluted 1:1,000 in TBS-Tween containing 5% skimmed milk on nuclear extracts from HeLa cells (upper panel: lane 1) and ectopically expressed FLAG-tagged ASH2L (ASH2L-F, upper panel: lane 2). The lower panel shows the same western blot with an anti-FLAG antibody. The molecular weight marker is shown on the left.

Western Blot: ASH2L Antibody [NBP3-18639] - Figure 1. Western blot analysis using the antibody directed against ASH2L Figure 1B: Western blot was performed using nuclear extracts from HeLa cells (HeLa NE, 20 ug) with the antibody against ASH2L diluted 1:1,000 in TBS-Tween containing 5% skimmed milk. The molecular weight marker (in kDa) is shown on the left; the location of the protein of interest is indicated on the right.
