VDR/NR1I1/Vitamin D Receptor Antibody - BSA Free

| Product Information |                                                                                                                  |
|---------------------|------------------------------------------------------------------------------------------------------------------|
| Unit Size           | 100 ul                                                                                                           |
| Concentration       | Concentrations vary lot to lot. See vial label for concentration. If unlisted please contact technical services. |
| Storage             | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.                           |
| Clonality           | Polyclonal                                                                                                       |
| Preservative        | 0.02% Sodium Azide                                                                                               |
| Isotype             | IgG                                                                                                              |
| Purity              | Affinity purified                                                                                                |
| Buffer              | PBS, pH 7.2, 40% glycerol                                                                                        |

| Product Description |                                                                                                                                                                                                                  |
|---------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Description         | Novus Biologicals Rabbit VDR/NR1I1/Vitamin D Receptor Antibody - BSA Free (NBP3-21352) is a polyclonal antibody validated for use in ICC/IF. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| Host                | Rabbit                                                                                                                                                                                                           |
| Gene ID             | 7421                                                                                                                                                                                                             |
| Gene Symbol         | VDR                                                                                                                                                                                                              |
| Species             | Human                                                                                                                                                                                                            |
| Immunogen           | This antibody was developed against Recombinant Protein corresponding to amino acids:<br>PGFRDLTSEDQIVLLKSSAIEVIMLRSNESFTMDDMSWTTCGNQDYKYRVSDVT<br>KAGHSLELIEPLIKFQVGLKKLN                                       |

| Product Application Details |                                                         |
|-----------------------------|---------------------------------------------------------|
| Applications                | Immunocytochemistry/ Immunofluorescence                 |
| Recommended Dilutions       | Immunocytochemistry/ Immunofluorescence 0.25-2 ug/ml    |
| Application Notes           | ICC/IF Fixation Permeabilization: Use PFA/Triton X-100. |

**Images**

Staining of human cell line HaCaT shows localization to nucleoplasm & cytosol.
