| Unit Size               | 100 ul                                                                                      |
| Concentration           | Please see the vial label for concentration. If unlisted please contact technical services. |
| Storage                 | Store at 4C short term. Aliquot and store at -20C long term. Avoid freeze-thaw cycles.      |
| Clonality               | Monoclonal                                                                                  |
| Clone                   | SR1780                                                                                      |
| Preservative            | 0.02% Sodium Azide                                                                          |
| Isotype                 | IgG                                                                                         |
| Purity                  | Affinity purified                                                                           |
| Buffer                  | PBS, pH 7.4, 150mM NaCl, 50% glycerol.                                                      |
| Target Molecular Weight | 45 kDa                                                                                      |

| Product Description     |                                                                                                                                                                                                                           |
|-------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Description             | Novus Biologicals Rabbit PREB Antibody (SR1780) - BSA Free (NBP3-22579) is a recombinant monoclonal antibody validated for use in IHC, WB and ICC/IF. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| Host                    | Rabbit                                                                                                                                                                                                                    |
| Gene ID                 | 10113                                                                                                                                                                                                                     |
| Gene Symbol             | PREB                                                                                                                                                                                                                      |
| Species                 | Human                                                                                                                                                                                                                     |
| Specificity/Sensitivity | Detects endogenous levels of total PREB                                                                                                                                                                                   |
| Immunogen               | A synthesized peptide derived from human PREB (Uniprot #: Q9HCU5)                                                                                                                                                         |

| Product Application Details |                                                                                                                |
|-----------------------------|----------------------------------------------------------------------------------------------------------------|
| Applications                | Western Blot, Immunocytochemistry/ Immunofluorescence, Immunohistochemistry                                    |
| Recommended Dilutions       | Western Blot 1:500-1:2000, Immunohistochemistry 1:50-1:200, Immunocytochemistry/ Immunofluorescence 1:50-1:200 |
