|--------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b> | Novus Biologicals Rabbit TORC3/CRTC3 Antibody (10G3) - BSA Free (NBP3-26644) is a recombinant monoclonal antibody validated for use in IHC and ELISA. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| <b>Host</b>        | Rabbit                                                                                                                                                                                                                    |
| <b>Gene ID</b>     | 64784                                                                                                                                                                                                                     |
| <b>Gene Symbol</b> | CRTC3                                                                                                                                                                                                                     |
| <b>Species</b>     | Human                                                                                                                                                                                                                     |
| <b>Immunogen</b>   | A synthesized peptide derived from Human TORC3/CRTC3 [UniProt Q6UUV7]                                                                                                                                                     |

**Product Application Details**

|                              |                                        |
|------------------------------|----------------------------------------|
| <b>Applications</b>          | ELISA, Immunohistochemistry            |
| <b>Recommended Dilutions</b> | ELISA, Immunohistochemistry 1:50-1:200 |

**Images**

Immunohistochemistry: TORC3/CRTC3 Antibody (10G3) [NBP3-26644] - Image of TORC3/CRTC3 Antibody (10G3) diluted at 1:100 and staining in paraffin-embedded human testis tissue performed. After dewaxing and hydration, antigen retrieval was mediated by high pressure in a citrate buffer (pH 6.0). Section was blocked with 10% normal goat serum 30min at RT. Then primary antibody (1% BSA) was incubated at 4°C overnight. The primary is detected by a Goat anti-rabbit polymer IgG labeled by HRP and visualized using 0.05% DAB.
