| Clonality                   | Monoclonal                                                                                                                                       |
| Preservative                | 0.05% Sodium Azide                                                                                                                               |
| Isotype                     | IgG1                                                                                                                                             |
| Conjugate                   | DyLight 350                                                                                                                                      |
| Purity                      | Protein A purified                                                                                                                               |
| Buffer                      | 50mM Sodium Borate                                                                                                                               |
| Product Description         |                                                                                                                                                  |
| Description                 | <p>The heavy chain type is hulgG1, and the light chain type is hukappa. It has a predicted MW of 145.5 kDa.</p> <p>Also known as 'osocimab'.</p> |
| Host                        | Human                                                                                                                                            |
| Gene ID                     | 2160                                                                                                                                             |
| Gene Symbol                 | F11                                                                                                                                              |
| Species                     | Human                                                                                                                                            |
| Immunogen                   | F11 / Factor XI                                                                                                                                  |
