| <b>Description</b>   | Novus Biologicals Rabbit NAT13 Antibody - BSA Free (NBP3-30133) is a polyclonal antibody validated for use in IP. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| <b>Host</b>          | Rabbit                                                                                                                                                                                |
| <b>Gene ID</b>       | 80218                                                                                                                                                                                 |
| <b>Gene Symbol</b>   | NAA50                                                                                                                                                                                 |
| <b>Species</b>       | Human                                                                                                                                                                                 |
| <b>Immunogen</b>     | Between 119 and 169                                                                                                                                                                   |
| <b>Assay Type</b>    | [Assay Type]                                                                                                                                                                          |
| <b>Sample Volume</b> | [Sample Volume]                                                                                                                                                                       |

**Product Application Details**

|                              |                     |
|------------------------------|---------------------|
| <b>Applications</b>          | Immunoprecipitation |
| <b>Recommended Dilutions</b> | Immunoprecipitation |

**Images**

Immunoprecipitation:[NBP3-30133]-Detection of human NAA50 by western blot of immunoprecipitates. Samples: Whole cell lysate from 293T cells prepared using NETN lysis buffer. Antibodies: Affinity purified rabbit anti-NAA50 antibody used for IP at 6 µg per reaction. NAA50 was also immunoprecipitated by rabbit anti-NAA50 antibody. For blotting immunoprecipitated NAA50, was used at 0.4 mg/ml. Detection: Chemiluminescence with an exposure time of 30 seconds.
