| <b>Description</b>   | Novus Biologicals Rabbit LUC7L2 Antibody - BSA Free (NBP3-30728) is a polyclonal antibody validated for use in WB and IP. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| <b>Host</b>          | Rabbit                                                                                                                                                                                        |
| <b>Gene ID</b>       | 51631                                                                                                                                                                                         |
| <b>Gene Symbol</b>   | LUC7L2                                                                                                                                                                                        |
| <b>Species</b>       | Human                                                                                                                                                                                         |
| <b>Immunogen</b>     | Between 340 and 390                                                                                                                                                                           |
| <b>Assay Type</b>    | [Assay Type]                                                                                                                                                                                  |
| <b>Sample Volume</b> | [Sample Volume]                                                                                                                                                                               |

**Product Application Details**

|                              |                                   |
|------------------------------|-----------------------------------|
| <b>Applications</b>          | Western Blot, Immunoprecipitation |
| <b>Recommended Dilutions</b> | Western Blot, Immunoprecipitation |

**Images**

Immunoprecipitation:LUC7L2 AntibodyNBP3-30728] -Detection of human LUC7L2 by western blot of immunoprecipitates. Samples: Whole cell lysate (1.0 mg per IP reaction; 10% of IP loaded) from HEK293T cells prepared using NETN lysis buffer. Antibodies: Affinity purified rabbit anti-LUC7L2 antibody (NBP3-30728 lot 3) used for IP at 6 µg per reaction. LUC7L2 was also immunoprecipitated by a previous lot of this antibody (NBP3-30728 lot 2) and a second inst a different epitope of LUC7L2 For blotting immunoprecipitated LUC7L2, NBP3-30728 was used at 0.04 µg/ml. Detection: Chemiluminescence with an exposure time of 1 second.
