| Lit bu of ac th th in m pa re or ab CA | lexa Fluor (R) products are provided under an intellectual property license from ife Technologies Corporation. The purchase of this product conveys to the uyer the non-transferable right to use the purchased product and components of the product only in research conducted by the buyer (whether the buyer is an cademic or for-profit entity). The sale of this product is expressly conditioned on the buyer not using the product or its components, or any materials made using the product or its components, in any activity to generate revenue, which may include, but is not limited to use of the product or its components: (i) in the nanufacturing; (ii) to provide a service, information, or data in return for ayment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for esale, regardless of whether they are resold for use in research. For information in purchasing a license to this product for purposes other than as described bove, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbad, A 92008 USA or outlicensing@lifetech.com. This conjugate is made on the emand. Actual recovery may vary from the stated volume of this product. The colume will be greater than or equal to the unit size stated on the datasheet. |

| Product Application Details | |
|------------------------------------|--|
| Applications | Western Blot, ELISA, Immunohistochemistry, Immunohistochemistry-Paraffin |
| Recommended Dilutions | Western Blot, ELISA, Immunohistochemistry, Immunohistochemistry-Paraffin |
| Application Notes | Optimal dilution of this antibody should be experimentally determined. |
