Life buy of t aca the the incl ma pay res on abo CA der	exa Fluor (R) products are provided under an intellectual property license from e Technologies Corporation. The purchase of this product conveys to the yer the non-transferable right to use the purchased product and components the product only in research conducted by the buyer (whether the buyer is an ademic or for-profit entity). The sale of this product is expressly conditioned on a buyer not using the product or its components, or any materials made using a product or its components, in any activity to generate revenue, which may clude, but is not limited to use of the product or its components: (i) in anufacturing; (ii) to provide a service, information, or data in return for yment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for sale, regardless of whether they are resold for use in research. For information purchasing a license to this product for purposes other than as described ove, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbad, A 92008 USA or outlicensing@lifetech.com. This conjugate is made on mand. Actual recovery may vary from the stated volume of this product. The lume will be greater than or equal to the unit size stated on the datasheet.

# **Product Application Details**

Applications	Western Blot, ELISA
Recommended Dilutions	Western Blot, ELISA
Application Notes	Optimal dilution of this antibody should be experimentally determined.
