

# Product Datasheet

## RDH11 Antibody - BSA Free

### NBP3-35847-100ul

Unit Size: 100 ul

Store at -20C. Avoid freeze-thaw cycles.

**NBP3-35847-100ul**

RDH11 Antibody - BSA Free

**Product Information**

|                                |                                                                                             |
|--------------------------------|---------------------------------------------------------------------------------------------|
| <b>Unit Size</b>               | 100 ul                                                                                      |
| <b>Concentration</b>           | Please see the vial label for concentration. If unlisted please contact technical services. |
| <b>Storage</b>                 | Store at -20C. Avoid freeze-thaw cycles.                                                    |
| <b>Clonality</b>               | Polyclonal                                                                                  |
| <b>Preservative</b>            | 0.01% Thimerosal                                                                            |
| <b>Isotype</b>                 | IgG                                                                                         |
| <b>Purity</b>                  | Affinity purified                                                                           |
| <b>Buffer</b>                  | PBS (pH 7.3), 50% glycerol                                                                  |
| <b>Target Molecular Weight</b> | 35 kDa                                                                                      |

**Product Description**

|                    |                                                                                                                                                                                                                         |
|--------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b> | Novus Biologicals Rabbit RDH11 Antibody - BSA Free (NBP3-35847) is a polyclonal antibody validated for use in WB and ELISA. All Novus Biologicals antibodies are covered by our 100% guarantee.                         |
| <b>Host</b>        | Rabbit                                                                                                                                                                                                                  |
| <b>Gene ID</b>     | 51109                                                                                                                                                                                                                   |
| <b>Gene Symbol</b> | RDH11                                                                                                                                                                                                                   |
| <b>Species</b>     | Human, Rat                                                                                                                                                                                                              |
| <b>Immunogen</b>   | Recombinant fusion protein containing a sequence corresponding to amino acids 70-145 of human RDH11 (NP_057110.3).<br><br>Sequence:<br>LACRDVEKGELVAKEIQTTTGNQQVLVRKLDLSDTKSIRAFKGF LAEEKHLHV<br>LINNAGVMMCPYSKTADGFEMH |

**Product Application Details**

|                              |                                    |
|------------------------------|------------------------------------|
| <b>Applications</b>          | Western Blot, ELISA                |
| <b>Recommended Dilutions</b> | Western Blot 1:500 - 1:2000, ELISA |

**Images**

Western Blot: RDH11 Antibody [NBP3-35847] - Western blot analysis of various lysates using RDH11 Rabbit pAb at 1:1000 dilution.

Secondary antibody: HRP-conjugated Goat anti-Rabbit IgG (H+L) at 1:10000 dilution.

Lysates/proteins: 25ug per lane.

Blocking buffer: 3% nonfat dry milk in TBST.

Detection: ECL Basic Kit.

Exposure time: 30s.
