Storage Store at 4C in the dark. Clonality Monoclonal Clone 9B3 Preservative 0.05% Sodium Azide Isotype IgG1 Conjugate Alexa Fluor 750 Purity Protein A or G purified Buffer 50mM Sodium Borate Product Description Host Mouse Gene ID 121536 Gene Symbol AEBP2 Species Human Immunogen AE binding protein 2 - (Uniprot# Q6ZN18) Notes Alexa Fluor (R) products are provided under an intellectual property license Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchase provided the buyer in cacademic or for-profit entity). The sale of this product is expressly condition the buyer not using the product or its components; (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For inform on purchasing a license to this product for use, or proposes other than as describe above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsb CA 92008 USA or outlicensing @lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product.	AEBP2 Antibody (9B3) [Alexa Fluor® 750]		
Concentration Please see the vial label for concentration. If unlisted please contact techniservices. Storage Store at 4C in the dark. Clonality Monoclonal Clone 9B3 Preservative 0.05% Sodium Azide Isotype IgG1 Conjugate Alexa Fluor 750 Purity Protein A or G purified Buffer 50mM Sodium Borate Product Description Host Mouse Gene ID 121536 Gene Symbol AEBP2 Species Human Immunogen AE binding protein 2 - (Uniprot# Q6ZN18) Notes Alexa Fluor (R) products are provided under an intellectual property license Life Technologies Corporation. The purchase of this product and compon of the product only in research conducted by the buyer (whether the buyer academic or for-profit entity). The sale of this product is expressly condition the buyer not using the product or its components, or any materials made use the product or its components, or any materials made use the product or its components, or any materials made use the product or its components, or any materials made use the product or its components, or any materials made use the product or its components, or any materials made use the product or its components, or any materials made use the product or its components, or any materials made use the product or its components, or any materials made use of the product or its components; (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For inform on purchasing a license to this product for purposes other than as describe above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsb CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product.	Product Information		
Storage Store at 4C in the dark. Clonality Monoclonal Clone 9B3 Preservative 0.05% Sodium Azide Isotype IgG1 Conjugate Alexa Fluor 750 Purity Protein A or G purified Buffer 50mM Sodium Borate Product Description Host Mouse Gene ID 121536 Gene Symbol AEBP2 Species Human Immunogen AE binding protein 2 - (Uniprot# Q6ZN18) Notes Alexa Fluor (R) products are provided under an intellectual property license Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and compone of the product only in research conducted by the buyer (whether the buyer in cademic or for-profit entity). The sale of this product is expressly condition the buyer not using the product or its components, or any materials made us the product or its components, in any activity to generate revenue, which m include, but is not limited to use of the product or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For inform on purchasing a license to this product for purposes other than as describe above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsb CA 92008 USA or outlicensing @lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product.	Unit Size	0.1 ml	
Clone 9B3 Preservative 0.05% Sodium Azide Isotype IgG1 Conjugate Alexa Fluor 750 Purity Protein A or G purified Buffer 50mM Sodium Borate Product Description Host Mouse Gene ID 121536 Gene Symbol AEBP2 Species Human Immunogen AE binding protein 2 - (Uniprot# Q6ZN18) Notes Alexa Fluor (R) products are provided under an intellectual property license Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and compone of the product only in research conducted by the buyer (whether the buyer in the buyer not using the product or its components, or any materials made use the product or its components, or any materials made use the product or its components, in any activity to generate revenue, which manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For inform on purchasing a license to this product or purposes other than as describe above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsb CA 92008 USA or outlicensing @lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product.	Concentration	Please see the vial label for concentration. If unlisted please contact technical services.	
Clone 9B3 Preservative 0.05% Sodium Azide Isotype IgG1 Conjugate Alexa Fluor 750 Purity Protein A or G purified Buffer 50mM Sodium Borate Product Description Host Mouse Gene ID 121536 Gene Symbol AEBP2 Species Human Immunogen AE binding protein 2 - (Uniprot# Q6ZN18) Notes Alexa Fluor (R) products are provided under an intellectual property license Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and compone of the product only in research conducted by the buyer (whether the buyer academic or for-profit entity). The sale of this product is expressly condition the buyer not using the product or its components, or any materials made us the product or its components; (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product.	Clone	9B3	
Conjugate Alexa Fluor 750 Purity Protein A or G purified 50mM Sodium Borate Product Description Host Mouse Gene ID 121536 Gene Symbol AEBP2 Species Human Immunogen AE binding protein 2 - (Uniprot# Q6ZN18) Notes Alexa Fluor (R) products are provided under an intellectual property license Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and compone of the product only in research conducted by the buyer (whether the buyer is academic or for-profit entity). The sale of this product is expressly condition the buyer not using the product or its components, or any materials made us the product or its components; (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For inform on purchasing a license to this product for purposes other than as describe above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsb CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product.	Preservative	0.05% Sodium Azide	
Purity Protein A or G purified Buffer 50mM Sodium Borate Product Description Host Mouse Gene ID 121536 Gene Symbol AEBP2 Species Human Immunogen AE binding protein 2 - (Uniprot# Q6ZN18) Notes Alexa Fluor (R) products are provided under an intellectual property license Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and compone of the product only in research conducted by the buyer (whether the buyer academic or for-profit entity). The sale of this product is expressly condition the buyer not using the product or its components, or any materials made use the product or its components, in any activity to generate revenue, which me include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For inform on purchasing a license to this product for purposes other than as describe above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsb CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product.	Isotype	lgG1	
Product Description Host Mouse Gene ID 121536 Gene Symbol AEBP2 Species Human Immunogen AE binding protein 2 - (Uniprot# Q6ZN18) Notes Alexa Fluor (R) products are provided under an intellectual property license Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and component of the product only in research conducted by the buyer (whether the buyer academic or for-profit entity). The sale of this product is expressly condition the buyer not using the product or its components, or any materials made use the product or its components, in any activity to generate revenue, which me include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For inform on purchasing a license to this product for purposes other than as describe above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsb CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product.	Conjugate	Alexa Fluor 750	
Product Description Host Mouse Gene ID 121536 Gene Symbol AEBP2 Species Human Immunogen AE binding protein 2 - (Uniprot# Q6ZN18) Notes Alexa Fluor (R) products are provided under an intellectual property license Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and compone of the product only in research conducted by the buyer (whether the buyer academic or for-profit entity). The sale of this product is expressly condition the buyer not using the product or its components, or any materials made use the product or its components; (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For inform on purchasing a license to this product for purposes other than as describe above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsb CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product.	Purity	Protein A or G purified	
Host Mouse Gene ID 121536 Gene Symbol AEBP2 Species Human Immunogen AE binding protein 2 - (Uniprot# Q6ZN18) Notes Alexa Fluor (R) products are provided under an intellectual property license Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and compone of the product only in research conducted by the buyer (whether the buyer academic or for-profit entity). The sale of this product is expressly condition the buyer not using the product or its components, or any materials made used the product or its components, in any activity to generate revenue, which me include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For inform on purchasing a license to this product for purposes other than as describe above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsb CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product.	Buffer	50mM Sodium Borate	
Gene Symbol AEBP2 Species Human Immunogen AE binding protein 2 - (Uniprot# Q6ZN18) Notes Alexa Fluor (R) products are provided under an intellectual property license Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and compone of the product only in research conducted by the buyer (whether the buyer academic or for-profit entity). The sale of this product is expressly condition the buyer not using the product or its components, or any materials made used the product or its components, in any activity to generate revenue, which minclude, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iiii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For inform on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlbed CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product.	Product Description		
Gene Symbol AEBP2 Human AE binding protein 2 - (Uniprot# Q6ZN18) Notes Alexa Fluor (R) products are provided under an intellectual property license Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and compone of the product only in research conducted by the buyer (whether the buyer academic or for-profit entity). The sale of this product is expressly condition the buyer not using the product or its components, or any materials made use the product or its components, in any activity to generate revenue, which me include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For information on purchasing a license to this product for purposes other than as describe above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsb CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product.	Host	Mouse	
Immunogen AE binding protein 2 - (Uniprot# Q6ZN18) Notes Alexa Fluor (R) products are provided under an intellectual property licenses Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and compone of the product only in research conducted by the buyer (whether the buyer academic or for-profit entity). The sale of this product is expressly condition the buyer not using the product or its components, or any materials made us the product or its components, in any activity to generate revenue, which me include, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For inform on purchasing a license to this product for purposes other than as describe above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsb CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product.	Gene ID	121536	
Immunogen AE binding protein 2 - (Uniprot# Q6ZN18) Alexa Fluor (R) products are provided under an intellectual property license Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and compone of the product only in research conducted by the buyer (whether the buyer academic or for-profit entity). The sale of this product is expressly condition the buyer not using the product or its components, or any materials made use the product or its components, in any activity to generate revenue, which manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For inform on purchasing a license to this product for purposes other than as describe above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsb CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product.	Gene Symbol	AEBP2	
Alexa Fluor (R) products are provided under an intellectual property licenses. Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and compone of the product only in research conducted by the buyer (whether the buyer academic or for-profit entity). The sale of this product is expressly condition the buyer not using the product or its components, or any materials made used the product or its components, in any activity to generate revenue, which mainclude, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For inform on purchasing a license to this product for purposes other than as describe above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsb CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product.	Species	Human	
Alexa Fluor (R) products are provided under an intellectual property licenses. Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and compone of the product only in research conducted by the buyer (whether the buyer academic or for-profit entity). The sale of this product is expressly condition the buyer not using the product or its components, or any materials made use the product or its components, in any activity to generate revenue, which mainclude, but is not limited to use of the product or its components: (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For inform on purchasing a license to this product for purposes other than as describe above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsb CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product.	Immunogen	AE binding protein 2 - (Uniprot# Q6ZN18)	
	Notes	manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For information on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbad,	

Product Application Details	
Applications	Western Blot, ELISA
Recommended Dilutions	Western Blot, ELISA
Application Notes	Optimal dilution of this antibody should be experimentally determined.
