Species Hu Immunogen Th wit Notes Ale Life bu of acc the inc ma pa res on	346	
Immunogen Th wit Notes Ale Life bur of acceptable the income pares on	DLH1	
Notes Ale Life but of acc the inc ma pa res on	uman	
Ale Life bu of acc the the inc ma pa res on	nis antibody was generated using a recombinant protein sequence of Q04609, the the exact immunogen sequence remaining proprietary.	
C.A. de	exa Fluor (R) products are provided under an intellectual property license from fe Technologies Corporation. The purchase of this product conveys to the uyer the non-transferable right to use the purchased product and components the product only in research conducted by the buyer (whether the buyer is an eademic or for-profit entity). The sale of this product is expressly conditioned on the buyer not using the product or its components, or any materials made using the product or its components, in any activity to generate revenue, which may clude, but is not limited to use of the product or its components: (i) in anufacturing; (ii) to provide a service, information, or data in return for ayment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for sale, regardless of whether they are resold for use in research. For information in purchasing a license to this product for purposes other than as described bove, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbad, A 92008 USA or outlicensing@lifetech.com. This conjugate is made on the emand. Actual recovery may vary from the stated volume of this product. The olume will be greater than or equal to the unit size stated on the datasheet.	

Product Application Details	
Applications	Immunohistochemistry-Paraffin
Recommended Dilutions	Immunohistochemistry-Paraffin
Application Notes	Optimal dilution of this antibody should be experimentally determined.
