Product Information

Occludin Antibody (CL1608) [Alexa Fluor® 350]

Unit Size Concentration Concentration vary lot to lot. See vial label for concentration. If unlisted please contact technical services. Storage Store at 4G in the dark. Clonality Monoclonal Clone CL1608 Preservative 0.05% Sodium Azide Isotype IgG1 Conjugate Purity Protein A purified Buffer 50mM Sodium Borate Product Description Host Mouse Gene ID 100506658 Gene ID 100506658 Gene Bymbol Species Human, Mouse Reactivity Notes Immunogen displays the following percentage of sequence identity for non-tested species: Rat (83%). Use in Mouse reported in scientific publication (PMID: 32485694). Immunogen This antibody was generated using a recombinant protein sequence of Q16625, with the exact immunogen sequence remaining proprietary. Notes Alexa Fluor (R) products are provided under an intellectual property license from Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and components of the product only in research conducted by the buyer (Whether the buyer is an academic or for-profit entity). The sale of this product is expressly conditioned on the buyer not using the product or its components, or any materials made using the product orily to provide a service, information, or data in return for payment; (ii) for therapeutic, diagnostic or prophylactic purposes; or (v) for resele, regardless of whether they are resold for use in research. For information on purchasing a license to this product or purposes other than as described above, contact Life Technologies Corporation, 75191 van Allen Way, Carlsbad, CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The volume will be greater than or equal to the unit size stated on the datasheet.
