## NBP3-44102G

Desmin Antibody (CL 4501) [Dyl ight 488]

| Desmin Antibody (CL4501) [DyLight 488] |   |
|--|---|
| Product Information                    |   |
| Unit Size                              | 0.1 ml  |
| Concentration                          | Concentrations vary lot to lot. See vial label for concentration. If unlisted please contact technical services.          |
| Storage                                | Store at 4C in the dark.  |
| Clonality                              | Monoclonal  |
| Clone                                  | CL4501  |
| Preservative                           | 0.05% Sodium Azide  |
| Isotype                                | lgG1  |
| Conjugate                              | DyLight 488   |
| Purity                                 | Protein A purified  |
| Buffer                                 | 50mM Sodium Borate  |
| Product Description                    |   |
| Host                                   | Mouse   |
| Gene ID                                | 1674  |
| Gene Symbol                            | DES   |
| Species                                | Human   |
| Immunogen                              | This antibody was generated using a synthetic peptide of P17661, with the exact immunogen sequence remaining proprietary. |
| Notes                                  | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.   |
| Product Application Details            |   |
| Applications                           | Western Blot, Immunocytochemistry/ Immunofluorescence   |
| Recommended Dilutions                  | Western Blot, Immunocytochemistry/ Immunofluorescence   |
| Annilostian Natao                      | Outlined dilution of this patible dy about his could be comparing a stally determined                                     |

| Applications          | Western Blot, Immunocytochemistry/ Immunofluorescence                  |
|-----------------------|--|
| Recommended Dilutions | Western Blot, Immunocytochemistry/ Immunofluorescence                  |
| Application Notes     | Optimal dilution of this antibody should be experimentally determined. |
|                       |  |
