|---------------------------------------|---|
| Product Information                   |   |
| Unit Size                             | 0.1 ml  |
| Concentration                         | Concentrations vary lot to lot. See vial label for concentration. If unlisted please contact technical services.          |
| Storage                               | Store at 4C in the dark.  |
| Clonality                             | Monoclonal  |
| Clone                                 | CL12323   |
| Preservative                          | 0.05% Sodium Azide  |
| Isotype                               | lgG1  |
| Conjugate                             | Janelia Fluor 646   |
| Purity                                | Protein A purified  |
| Buffer                                | 50mM Sodium Borate  |
| Product Description                   |   |
| Host                                  | Mouse   |
| Gene ID                               | 595   |
| Gene Symbol                           | CCND1   |
| Species                               | Human   |
| Immunogen                             | This antibody was generated using a synthetic peptide of P24385, with the exact immunogen sequence remaining proprietary. |
| Notes                                 |   |
|                                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                     |
| Product Application Details           |   |
| Applications                          | Immunocytochemistry/ Immunofluorescence   |
| Recommended Dilutions                 | Immunocytochemistry/ Immunofluorescence   |
| Application Notes                     | Optimal dilution of this antibody should be experimentally determined.  |
|                                       |   |
