## NBP3-44295UV

Cyclin D1 Antibody (CL12323) [DyLight 350]

| Cyclin D1 Antibody (CL12323) [DyLight 350] |   |
|--|---|
| Product Information                        |   |
| Unit Size                                  | 0.1 ml  |
| Concentration                              | Concentrations vary lot to lot. See vial label for concentration. If unlisted please contact technical services.          |
| Storage                                    | Store at 4C in the dark.  |
| Clonality                                  | Monoclonal  |
| Clone                                      | CL12323   |
| Preservative                               | 0.05% Sodium Azide  |
| Isotype                                    | IgG1  |
| Conjugate                                  | DyLight 350   |
| Purity                                     | Protein A purified  |
| Buffer                                     | 50mM Sodium Borate  |
| Product Description                        |   |
| Host                                       | Mouse   |
| Gene ID                                    | 595   |
| Gene Symbol                                | CCND1   |
| Species                                    | Human   |
| Immunogen                                  | This antibody was generated using a synthetic peptide of P24385, with the exact immunogen sequence remaining proprietary. |
| Notes                                      | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.   |
| Product Application Details                |   |
| Applications                               | Immunocytochemistry/ Immunofluorescence   |
| Recommended Dilutions                      | Immunocytochemistry/ Immunofluorescence   |
| Application Notes                          | Optimal dilution of this antibody should be experimentally determined.  |
