| Purity                      | Protein A purified                                                                                                                   |
| Buffer                      | PBS                                                                                                                                  |
| Product Description         |                                                                                                                                      |
| Host                        | Mouse                                                                                                                                |
| Gene ID                     | 833                                                                                                                                  |
| Gene Symbol                 | CARS, CARS1, CARS1, CARS                                                                                                             |
| Species                     | Human                                                                                                                                |
| Immunogen                   | This antibody was generated using a recombinant protein sequence of A8MVQ3, with the exact immunogen sequence remaining proprietary. |
| Product Application Details |                                                                                                                                      |
| Applications                | Western Blot, Immunohistochemistry-Paraffin                                                                                          |
| Recommended Dilutions       | Western Blot, Immunohistochemistry-Paraffin                                                                                          |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                               |
