| Purity                      | Immunogen affinity purified                                                                                                                                                                                 |
| Buffer                      | PBS, 50% Glycerol, pH (7.3)                                                                                                                                                                                 |
| Target Molecular Weight     | 45 kDa                                                                                                                                                                                                      |
| Product Description         |                                                                                                                                                                                                             |
| Description                 | Novus Biologicals Rabbit ABRA Antibody - BSA Free (NBP3-45798) is a polyclonal antibody validated for use in IHC, WB, ELISA and ICC/IF. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| Host                        | Rabbit                                                                                                                                                                                                      |
| Gene ID                     | 137735                                                                                                                                                                                                      |
| Gene Symbol                 | ABRA                                                                                                                                                                                                        |
| Species                     | Human, Mouse                                                                                                                                                                                                |
| Immunogen                   | actin-binding Rho activating protein. (Uniprot# Q8N0Z2)                                                                                                                                                     |
| Product Application Details |                                                                                                                                                                                                             |
| Applications                | Western Blot, ELISA, Immunocytochemistry/ Immunofluorescence, Immunohistochemistry                                                                                                                          |
| Recommended Dilutions       | Western Blot 1:500-1:1000, ELISA, Immunohistochemistry 1:20-1:200, Immunocytochemistry/ Immunofluorescence 1:20-1:200                                                                                       |

## Images

Immunohistochemistry: ABRA Antibody - BSA Free [NBP3-45798] - Immunohistochemistry of paraffin-embedded human heart using (ABRA antibody) at dilution of 1:50

Western Blot: ABRA Antibody - BSA Free [NBP3-45798] - Mouse heart tissue were subjected to SDS PAGE followed by western blot with (ABRA antibody) at dilution of 1:500
