|                    |                                                                                                                                                                                                    |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b> | Novus Biologicals Rabbit Solo Antibody - BSA Free (NBP3-45862) is a polyclonal antibody validated for use in WB, ELISA and IP. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| <b>Host</b>        | Rabbit                                                                                                                                                                                             |
| <b>Gene ID</b>     | 91404                                                                                                                                                                                              |
| <b>Gene Symbol</b> | SESTD1                                                                                                                                                                                             |
| <b>Species</b>     | Human, Mouse, Rat                                                                                                                                                                                  |
| <b>Immunogen</b>   | sorbitol dehydrogenase. (Uniprot# Q86VW0)                                                                                                                                                          |

**Product Application Details**

|                              |                                                                    |
|------------------------------|--------------------------------------------------------------------|
| <b>Applications</b>          | Western Blot, ELISA, Immunoprecipitation                           |
| <b>Recommended Dilutions</b> | Western Blot 1:500-1:2000, ELISA, Immunoprecipitation 1:200-1:2000 |

## Images

Immunoprecipitation: Solo Antibody - BSA Free [NBP3-45862] - IP  
Result of anti-Solo (IP:, 4ug; Detection: 1:1000) with mouse liver tissue lysate 4000ug.

Western Blot: Solo Antibody - BSA Free [NBP3-45862] - HeLa cells were subjected to SDS PAGE followed by western blot with (Solo antibody) at dilution of 1:500
