## SLC10A2 Antibody - BSA Free

### NBP3-47938

Unit Size: 100 ug

Store at -20C. Avoid freeze-thaw cycles.

| Purity                      | Immunogen affinity purified                                                                                                                                                                           |
| Buffer                      | PBS, 50% Glycerol, pH (7.3)                                                                                                                                                                           |
| Product Description         |                                                                                                                                                                                                       |
| Description                 | Novus Biologicals Rabbit SLC10A2 Antibody - BSA Free (NBP3-47938) is a polyclonal antibody validated for use in WB, ELISA and IP. All Novus Biologicals antibodies are covered by our 100% guarantee. |
| Host                        | Rabbit                                                                                                                                                                                                |
| Gene ID                     | 6555                                                                                                                                                                                                  |
| Gene Symbol                 | SLC10A2                                                                                                                                                                                               |
| Species                     | Human, Mouse                                                                                                                                                                                          |
| Immunogen                   | solute carrier family 10(sodium/bile acid cotransporter family), member 2. (Uniprot# Q12908)                                                                                                          |
| Product Application Details |                                                                                                                                                                                                       |
| Applications                | Western Blot, ELISA, Immunoprecipitation                                                                                                                                                              |
| Recommended Dilutions       | Western Blot 1:200-1:1000, ELISA, Immunoprecipitation 1:200-1:1000                                                                                                                                    |
| Application Notes           | Theoretical Molecular Weight is 38-40 kDa                                                                                                                                                             |

## Images

Western Blot: SLC10A2 Antibody - BSA Free [NBP3-47938] - Mouse small intestine tissue were subjected to SDS PAGE followed by western blot with (SLC10A2 antibody) at dilution of 1:300

Immunoprecipitation: SLC10A2 Antibody - BSA Free [NBP3-47938] - IP Result of anti-SLC10A2 (IP:., 4ug; Detection: 1:300) with mouse kidney tissue lysate 4000ug.
