**NLS1214**

GPR56 Antibody - BSA Free

**Product Information**

|                      |                                                                                                       |
|----------------------|-------------------------------------------------------------------------------------------------------|
| <b>Unit Size</b>     | 0.05 ml                                                                                               |
| <b>Concentration</b> | 1.0 mg/ml                                                                                             |
| <b>Storage</b>       | Keep as concentrated solution. Aliquot and store at -20C or below. Avoid multiple freeze-thaw cycles. |
| <b>Clonality</b>     | Polyclonal                                                                                            |
| <b>Preservative</b>  | 0.1% Sodium Azide                                                                                     |
| <b>Isotype</b>       | IgG                                                                                                   |
| <b>Purity</b>        | Immunogen affinity purified                                                                           |
| <b>Buffer</b>        | PBS                                                                                                   |

**Product Description**

|                                |                                                                                                    |
|--------------------------------|----------------------------------------------------------------------------------------------------|
| <b>Description</b>             | Product can be stored undiluted at 4C for up to 1 month.                                           |
| <b>Host</b>                    | Rabbit                                                                                             |
| <b>Gene ID</b>                 | 9289                                                                                               |
| <b>Gene Symbol</b>             | ADGRG1                                                                                             |
| <b>Species</b>                 | Human                                                                                              |
| <b>Reactivity Notes</b>        | Predicted cross-reactivity based on sequence identity: Gorilla (88%), Marmoset (88%).              |
| <b>Specificity/Sensitivity</b> | Human GPR56. BLAST analysis of the peptide immunogen showed no homology with other human proteins. |
| <b>Immunogen</b>               | Synthetic 16 amino acid peptide from N-terminal extracellular domain of human GPR56.               |

**Product Application Details**

|                              |                                                                  |
|------------------------------|------------------------------------------------------------------|
| <b>Applications</b>          | Immunohistochemistry, Immunohistochemistry-Paraffin              |
| <b>Recommended Dilutions</b> | Immunohistochemistry, Immunohistochemistry-Paraffin 4 - 32 ug/ml |

**Images**

Immunohistochemistry-Paraffin: GPR56 Antibody [NLS1214] - Analysis of anti-GPR56 antibody with human thyroid at dilution 4-32 ug/ml.
